A snapshot of recent work

www.wave.coop

Hello, how have you been?

We hope you had a good break. Here at **wave**, we are working on some great projects and thought we'd send you a few of our recently completed ones.

If there is anything we can help you with, please just drop us a line - we'd love to hear from you.

Best wishes from the **wave** co-op team.

Some nice things people have said about us

"It's been an absolute pleasure working with wave. I'm so glad that wave and War on Want have begun working together. Our new style of reports are nothing short of amazing, and I'm happy to have been a part of that process."

Jesse Lerner-Kingslake Communications Coordinator War on Want

"I have had 100% positive feedback on the branding and website. Seriously, never a negative comment. I've also had a number of people come up to me and remember the strong branding through seeing it on Twitter. Facebook etc."

Eugenie Teasley Founder and CEO Spark+Mettle "I have been extremely happy with the work that wave has done for us. I think what I like most, with the finished product, is how quick and easy it is to create a new web page that looks so professional. From our perspective, this is a real pleasure and makes our job so much easier. We have also been really impressed with the design support and troubleshooting from Julian and yourself throughout the process of designing and building the site."

Matthew Bradby Communications Manager The Queen's Nursing Institut "wave deploys great strengths when it comes to the unionlearn brand: intelligent application of design elements; creativity in pushing the brand forward; and careful scheduling and execution of all layout work and production so that projects come in on time."

Rob Sanders

Senior Publications Officer Trades Union Congress

"The team at wave are brilliant to work with – very creative, innovative, knowledgeable and, above all, patient with those of us non-techies! They understood our brief and brilliantly found ways to build us the website we knew we wanted."

Miranda Kemp Communications Manager "It is just as I visualised it. A large site with over one hundred thousand words was all built within my budget, with each milestone being met by wave and best of all, wave's CMS exceeding my functional expectations. One of these little extras was so useful and timesaving, it made me want to dance a jig."

Frank Villeneuve-Smith Communications Manager HCT Group
